About Best Agrolife Limited:

Listed among the top 15 agrochemical companies in India, BAL is engaged in the manufacturing of agrochemical products. The company offers more than 70 formulations of insecticides, herbicides, fungicides, and PGRs and retains one of the country's most comprehensive portfolios with 360+ formulations and more than 91 technical manufacturing licenses.

It has a 30,000+ MTPA manufacturing formulation capacity and a 7000+ MTPA integrated state-of-the-art technical plant. The company has a wide distribution network with more than 7,000 distributors, and 20 depots across the country. The company has been increasing its distribution network across various regions of the country and has added additional depots in UP, West Bengal, Telangana, and Andhra Pradesh. Other than experiencing tremendous success with its newly launched products - Ronfen, AxeMan, Warden, Tombo, and Reveal, and receiving the registration for the indigenous manufacturing of the crucial herbicide Pyroxasulfone, BAL was in news recently for introducing CTPR-based formulation CITIGEN. With this BAL became the first Indian agrochemical company to manufacture CTPR technical indigenously.
